

CHRISTMAS TREE COLLECTION

Christmas trees are collected in early January each year (refer to your Residential Collection Calendar).

GUIDELINES:

- ornaments & tinsel must be removed
- no tree bags
- trees longer than 8 ft. or heavier than 50 lb. must be cut in half
- ensure tree is accessible to driver and does not impede traffic or snow removal

Trees WILL NOT be picked up during regular compost collection – they are collected on a separate truck.

To ensure pickup, your tree must be at curbside by **7:00 a.m.** on the date indicated on your collection calendar.

All routes will be completed within one week and not necessarily on your regular collection day. If your tree is not picked up within that week, please contact IWMC within **2 working days** to report a missed collection.

NOTE: Please note that during the month of January, trees from households may be taken to any Waste Watch Drop-Off Center, FREE OF CHARGE.
