

HAZARDOUS WASTE DISPOSAL for BUSINESSES

Hazardous wastes include any products which are **corrosive, flammable, reactive, or toxic.**

Corrosive

Flammable

Reactive

Toxic

Hazardous wastes produced by the industrial, commercial and institutional (IC&I) sector are **not accepted** at IWMC disposal sites. Businesses must safely and properly dispose of hazardous wastes by making arrangements with a hazardous waste carrier.

Here is a list of some local disposal companies who can handle most hazardous waste products.

- **Island Chemicals Inc.**
St. Catherines, PE
(902) 894-7487 or (902) 394-5741
- **Atlantic Industrial Services**
